**SECTION II: ADDITIONAL CONSIDERATIONS REGARDING THE
INDEPENDENT AUDIT FOR BURLINGTON ELECTRIC
DEPARTMENT and JOSEPH C. MCNEIL GENERATING
STATION ***

* This proposal presents the opportunity for qualified firms to bid on the audit of the financial statements of both the City, and the Electric Department/McNeil Generating Station at the same time. However, separate proposals for work on either portion of the audit will also be accepted and considered.

I. INTRODUCTION

Burlington

The City of Burlington, as a center for business, commerce, culture, education and health, it is one of the more complex municipalities in the State.

The City is governed primarily by its City Charter. The City's Charter provides an elected City Council, consisting of 14 members, and an elected mayor who serves as chief executive officer. Reporting to the mayor is the Chief Administrative Officer who serves as the chief fiscal officer of the City, and other City officers and Department Heads. The Burlington School District does not report to the Mayor, but it is a City department and is included in the annual financial audits. For a current organizational chart of the City see the following web address:

http://www.ci.burlington.vt.us/annual_report/fy2008/fy08_1_city_government.pdf

Background

In past years, there had been separate audits of the City, Burlington Electric Department and the Joseph C. McNeil Generating Station. The performance of the auditors, Sullivan, Powers and Company CPA's for the City portion, and KPMG LLP, for the Burlington Electric and Joseph C. McNeil Station, has been satisfactory. Those firms may participate in, and are encouraged to participate in this bid process. The City is seeking bids because the current audit contracts have expired.

Scope of Audit

This proposal presents the opportunity for qualified firms to bid on the audit of the financial statements of both the City, and the Electric Department/McNeil Generating Station at the same time. However, separate proposals for work on either portion of the audit will also be accepted and considered.

If separate proposals are accepted, the selected Contractors shall combine the audited financial statements of the City and the Burlington Electric Department to provide one City financial report.

The audit contracts awarded to the selected Contractors shall cover annual examinations of the financial statements of all the entities and areas listed in this RFP for Fiscal Year ending June 30, 2010 through Fiscal Year ending June 30, 2014 (five fiscal years).

The selected Contractor(s) shall provide a fair presentation of the City's financial statements, including the City's Comprehensive Annual Financial Report (CAFR), Single Audit, as well as a fair presentation of the financial statements of all City departments, individual funds, and component units. See "Annual Financial Audits" section of this RFP for a complete list.

The selected Contractor(s) shall coordinate the planning and development of testing methods, review these methods with the Chief Administrative Officer and a Board of

Finance's Audit Committee; and, if deemed necessary by the City, with the Federal cognizant agency.

The selected Contractor(s) shall assist the City in responding to inquiries from the Federal agencies on any issues related to the audits for which they are responsible.

The selected Contractor(s) shall perform the procedures necessary with the objective of expressing an opinion on the financial statements and ensure that the reporting entities may use the Contractor's opinion on the general purpose financial statements in connection with any official statements for public debt issuance.

Any significant non-audit services should always be approved in advance by the Board of Finance Audit Committee. The Audit Committee will explore the possibility of alternate service providers before making a decision to engage their independent auditors to perform significant non-audit services.

Auditing Standards

Audits shall be conducted in accordance with Generally Accepted Auditing Standards ("GAAS") and requirements as promulgated by the American Institute of Certified Public Accountants ("AICPA") and the Government Accounting Standards Board ("GASB"); and the standards contained in *Government Auditing Standards* issued by the General Accounting Office; the Comptroller General of the United States, the Office of Management and Budget ("OMB") Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and related pronouncements, relating to Federal assistance programs listed in the City's Schedule of Expenditures of Federal Awards.

The statements for the Electric Department should also be prepared in accordance with Federal Energy Regulatory Commission accounting.

Intent of RFP

It is the intent of this RFP to identify the most responsive and qualified independent auditor(s). Auditors responding to this RFP are not guaranteed a contract. Furthermore, there is no guarantee of a minimum amount of work or compensation for any of the Respondents selected for contract negotiations.

This Request for Proposal (RFP) is an invitation by the City of Burlington for qualified firms of certified public accountants to submit a proposal for services as a competitive bid. Submittal of a proposal does not create any right in or expectation to a contract with the City of Burlington. The City of Burlington reserves the right to reject any or all proposals and to negotiate with one or more bidders to further modify the proposals. The City will not incur a financial obligation for any costs incurred by any company in preparing their proposals.

RFP Questions and Communications

Pre-proposal conference attendance is recommended for firms interested in being considered. See Sections XI and XII of this RFP, respectively: “Lines Of Communication” and “Pre-Proposal/Advance Questions” for more information.

Non-Discrimination

All auditing firms interested in responding to this RFP will be afforded an opportunity to submit statements of qualifications in response to this request and will not be discriminated against on the basis of political or religious affiliation, race, color, national origin, age, sex, sexual orientation, gender expression, veteran status or disability in receiving consideration for any award of any contract entered into pursuant to this Request.

II. TIMELINES AND SCHEDULES

It is anticipated that the selection of a firm will be completed in March 2010, with action slated by the Board of Finance at that time. Following the notification of the selected firm, it is expected that a contract will be executed between both parties by March 22, 2010.

III. ANNUAL FINANCIAL AUDITS

In compliance with City Charter Section §156 and Vermont Government Code Sections 24 V.S.A. §§1683, 1684, the City is required to have annual audits performed by independent public accounting firms for all city departments and areas (see Governmental Fund List below), and each of the following audit reports generated:

1. Comprehensive Annual Financial Report (CAFR)
2. Single Audit (CAFR Level)
3. Additional Detailed Reports (as listed below)

Comprehensive Annual Financial Report

The City issues a Comprehensive Annual Financial Report (“CAFR”). The CAFR is prepared according to the financial reporting requirements of the Governmental Accounting Standards Board (“GASB”) Statement No. 34, Basic Financial Statements – and Management’s Discussion and Analysis (“MD&A”) – for State and Local Governments (“GASB 34”). This report is divided into three sections:

2. The *Financial Section* is prepared in accordance with GASB 34 requirements, including MD&A, the Basic Financial Statements including notes and the Required Supplementary Information. The Basic Financial Statements include the government-wide financial statements that present an overview of the City’s entire financial operations and the fund financial statements that present the financial information of each of the City’s major funds, as well as non-major governmental fiduciary and other funds. Also included in this section is the Independent Auditors’ Report on the Basic Financial Statements.
3. The Statistical Section includes tables containing historical financial data, debt statistics, and miscellaneous social and economic data of the City that are of

interest to potential investors in our bonds and to other readers. The data includes ten-year revenue and expenditure information on an inflation-adjusted basis.

Examinations shall include all those entities which are required to be included in the City's financial statements in accordance with Governmental Accounting Standards Board Section 2100 "defining the reporting entity".

Other general and background information may be obtained by reviewing the 2008 CAFR available on line at:

IV. AUDITOR'S RESPONSIBILITIES UNDER VERMONT STATE STATUTES

The Contractor(s) must have the report available ten days before the annual meeting.

The Contractors must examine and correct the accounts of all city and city school officers, as well as the accounts of all other persons who are authorized to draw money from the city treasurer, including elected and appointed officials who submit bills for expenses to the town for payment on a monthly or annual basis. It is the Contractor's job to detail their findings in their report.

The City report should provide a detailed financial statement for each department of the City and the City School District for the preceding fiscal year, as well as a statement of the assets, receipts, and disbursements of all trust funds in which the town has an interest, and statements regarding the bonded and indebtedness of the City and the outstanding notes or orders of the City and City School District. 24 V.S.A. §§1683, 1684

V. MANAGEMENT DISCUSSION & ANALYSIS

Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments has clearly mandated that MD&A accompany, and precede rather than follow, the separately issued basic financial statements of any financial reporting entity or component unit.

Furthermore, the selected Contractor(s) will present MD&A in conjunction with departmental reports, individual fund reports, and similar reports. Their content is to be closely modeled on the requirements for MD&A set forth in GASB Statement No. 34, paragraph 11, and tailored to the reporting unit's specific circumstances.

Although the MD&A is unaudited, the independent auditor(s) should apply the same "in-relation-to" coverage to MD&A as to other supplementary info in the financial section.

VI. MANAGEMENT LETTERS

In conjunction with the annual financial audits, the selected Contractors will provide a management letter for each reporting entity in order to present any material weaknesses in the accounting system. These are the things that the Contractor considers important enough to be addressed and corrected. Other reportable conditions that are not deemed to be material are also to be listed and categorized in the management letter.

An interim management letter shall be issued by August 15 of each year. This letter shall list any material weaknesses noted by the Contractors as a result of their preliminary interim work, and shall state if any of these weaknesses, in the opinion of the Contractor,

will result in either a qualification of the opinion or a failure to meet established reporting deadlines.

A final management letter shall be prepared upon completion of the audit and issuance of the audit report but not later than December 31 (or other date as set by the City) of each year and shall set forth the following:

- the findings and recommendations for improvements resulting from a survey of systems of internal control conducted as part of the examination;
- the findings and recommendations for improvements in the accounting system that were noted during the conduct of the examination;
- the findings for non-compliance with laws, rules, regulations and charter requirements coming to the attention of the Contractor during the course of the examination;
- any other material items coming to the attention of the auditor in the course of the examination which the auditor feels should be brought to the attention of management and the City Council Board of Finance Audit Committee;
- a summary listing of all non-material items which were communicated to management;
- a listing of the status of all management letter comments from prior letters both resolved and unresolved; and
- management's response to the findings and recommendations noted in the letter.

VII. NOTES AND DISCLOSURES

After the financials, the Contractor(s) will provide the notes and disclosures that provide the detail behind the numbers.

VIII. AS NEEDED ACCOUNTING AND AUDIT-RELATED SERVICES

Additional as-needed accounting and audit-related services may be necessary from time to time from the selected auditors. The effective hourly rate will automatically be the rates used for other as-needed accounting and auditing services, unless special expertise is required for which a separate fee will be negotiated.

Examples of as-needed accounting and auditing services are:

- to perform concessionaire audits for various City departments in accordance with agreements between the City and third parties;
- to perform audits of community-based organizations which receive funding from the City under various grants.

IX. CITY SUPPORT AND ASSISTANCE

The City assumes that financial statements and notes will be developed by the City. The Contractors may then be asked to produce the final published financial statements. Any cost for this assumption should be built into your Cost Proposal.

In its sole and absolute discretion, the City will make appropriate staff available to provide assistance to the Contractor(s). Such assistance may include coordinating the audit field work, indentifying locations of required records and documentation, preparing and/or obtaining listings of account balances/transactions, providing reasonable detailed analysis and reconciliation of various accounts being audited and other such tasks which will serve to speed the conduct of services.

The Clerk and Treasurers Office expects that the Contractors will use the City's online financial system to the fullest extent possible to research transactions and analyze account balances in conjunction with their audits.

The City will arrange for office space, equipment and access to the City's online financial system, as determined and approved by the City.

X. ACCOUNTING SYSTEMS

The City's accounting/financial reporting software, Sungard Pentamation, is operated on a Virtual Server under a Windows operating system. It is the source of accounting data for all City Departments with the exception of the School Department and the Burlington Electric Department. The School Department utilizes NCS-Pearson School Systems Software on an IBM I520 series platform. The Burlington Electric Department utilizes integrated SunGard Public Sector Software; and IBM I Series hardware.

The following is a detailed summary of the accounting systems and support software used by the City:

XI. LINES OF COMMUNICATION

Audit Committee Responsibilities

The City Charter §155 provides for the Board of Finance to act as a Board of Audit. Hence, the City Council Board of Finance is directly responsible for the appointment, compensation, retention, and oversight of the work of any independent accountants engaged for the purpose of performing independent audit services and preparing or issuing an independent audit report. All accountants thus engaged report directly to the Board of Finance.

It is the responsibility of the Board of Finance:

- to maintain and be the point of contact and provide a direct and separate line of communication between City Council and the independent auditors;
- to meet with independent auditor to review audited financial statement and auditor's report on such matters as the quality and depth of management and compliance;
